Continuing Education Units (CEU) are now available for eLearners holding current Alaska teaching certificates. Certificated eLearners will receive a certificate via their eLearning email account awarding them 1 CEU for each 15 hours of **eligible** coursework completed (*see list of eligible courses below*). CEU certificates are authenticated and generated manually on a quarterly basis (January, May, August, November). They are *not* issued immediately upon completing coursework so plan to complete coursework well in advance of submitting unit(s) for renewal.

Only eligible courses completed after the date of issuance on current teaching certificates count toward accruing CEUs. EED's CEUs for eLearning are free and can be used toward teaching certificate renewal - simply submit them as part of the renewal packet.
